I.

GENERAL INFORMATION

Why did I receive this Proxy Statement?

The Board of Directors of Offshore Logistics, Inc. (“the Company” or “we” or “us”) is soliciting proxies to be voted at the Annual Meeting of Stockholders (“Annual Meeting”) to be held on Monday, February 6, 2006, and at any adjournment of the Annual Meeting. When the Company asks for your proxy, we must provide you with a proxy statement that contains certain information specified by law. We are mailing this proxy statement and the enclosed proxy card to stockholders on approximately December 30, 2005. All proxies in the enclosed form that are properly executed and returned to us prior to the Annual Meeting will be voted at the Annual Meeting, and any adjournments thereof, as specified by the stockholders in the proxy or, if not specified, as set forth in this proxy statement.

What will the stockholders vote on at the Annual Meeting?

The stockholders will vote on the following:

- election of directors; and
- approval and ratification of the Company’s independent auditors.

Who are the new directors proposed for election at this year’s Annual Meeting?

Thomas N. Amonett and Michael A. Flick are being proposed by the Board for the first time for election by the stockholders as directors. Mr. Flick has been nominated by the Board to succeed David M. Johnson as a director of the Company. Mr. Johnson is expected to resign as director effective February 6, 2006. Mr. Amonett has been nominated by the Board to become a director of the Company. With these changes, the number of Board members would increase from ten to eleven.

Will there be any other items of business on the agenda?

We do not expect that any other items of business will be considered because the deadlines for stockholder proposals and nominations have already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with respect to any other matters that might be brought before the meeting. Those persons intend to vote that proxy in accordance with their best judgment.

Who is entitled to vote?

Stockholders as of the close of business on December 9, 2005 (the “Record Date”) may vote at the Annual Meeting. You have one vote for each share of common stock you held on the Record Date. As of December 9, 2005, we had 23,344,508 shares of common stock outstanding.

How many votes are required for the approval of each item?

The nominees for director receiving a plurality of the votes cast will be elected. Abstentions and instructions to withhold authority to vote for one or more of the nominees and broker nonvotes (as defined below) will result in those nominees receiving fewer votes but will not count as votes “against” a nominee.

The approval of KPMG LLP (“KPMG”) as the Company’s independent auditors for the fiscal year ending March 31, 2006 will be ratified if the votes cast for the proposal exceed the votes cast against the proposal. Abstentions and broker nonvotes will not count either for or against the proposal.

What are “Broker Nonvotes”?

If your shares are held by a broker, the broker will ask you how you want your shares to be voted. If you give the broker instructions, your shares must be voted as you direct. If you do not give instructions, one of two things can happen, depending on the type of proposal. For some proposals, such as election of directors and the approval and ratification of the Company’s independent auditors, the broker may vote your shares at its discretion. But for other proposals, the broker may not vote your shares at all. When that happens, it is called a “broker nonvote.” Broker

nonvotes are counted in determining the presence of a quorum at the Annual Meeting, but they are not counted for purposes of calculating the votes on particular matters considered at the Annual Meeting.

How do I vote by proxy?

If you are a stockholder of record, you may vote your proxy by marking your enclosed proxy card to reflect your vote, signing and dating each proxy card you receive and returning each proxy card in the enclosed self-addressed envelope. The shares represented by your proxy will be voted according to the instructions you give on your proxy card. In addition, you may vote your shares by telephone or via the Internet by following the instructions provided on the enclosed proxy card.

You have the right to revoke your proxy at any time before the meeting by notifying our Secretary in writing or by delivering a later-dated proxy. If you are a stockholder of record, you may also revoke your proxy by voting in person at the meeting.

How do I vote in person?

If you are a stockholder of record, you may vote your shares in person at the meeting. However, we encourage you to vote by proxy card, even if you plan to attend the meeting.

How do I submit a stockholder proposal or nominate a director for the 2006 Annual Meeting?

If a stockholder wishes to have a proposal considered for inclusion in next year's proxy statement, he or she must submit the proposal in writing so that we receive it by August 31, 2006. However, if the date of next year's Annual Meeting is more than 30 days from the first anniversary of this year's Annual Meeting, notice is required a reasonable time before we print and mail our proxy materials. We will notify you of this deadline in a Quarterly Report on Form 10-Q or in another communication to you. Proposals should be addressed to our Secretary, 2000 W. Sam Houston Parkway South, Suite 1700, Houston, Texas 77042. In addition, our bylaws provide that any stockholder wishing to nominate a candidate for director or to propose any other business at next year's Annual Meeting must also give us written notice not earlier than the close of business on the 90th day prior to and not later than the close of business on the 60th day prior to the first anniversary of this year's Annual Meeting. However, if the date of the Annual Meeting is more than 30 days before or more than 60 days after such anniversary date, notice is required not earlier than 90 days prior to the Annual Meeting and not later than the later of 60 days prior to the Annual Meeting or the 10th day after publicly disclosing the meeting date. That notice must provide certain other information as described in the bylaws. Copies of the bylaws are available to stockholders free of charge upon request to our Secretary.

II. CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that govern the structure and functioning of the Board and set out the Board policies on a number of governance issues. A copy of our Corporate Governance Guidelines is posted on our website, www.olog.com, under the "Corporate Governance" caption and is available free of charge on request to the Company's Secretary at 2000 W. Sam Houston Parkway South, Suite 1700, Houston, Texas 77042.

Director Independence

Our Corporate Governance Guidelines require that a majority of the Board consist of independent directors. In general, the Corporate Governance Guidelines require that an independent director must have no material relationship with the Company, directly or indirectly, except as a director. The Board determines independence on the basis of the standards specified by the New York Stock Exchange (NYSE) and other facts and circumstances the Board considers relevant.

To assist it in determining the independence of our directors, the Board has adopted certain categorical standards, which are consistent with the standards set forth in the NYSE listing standards. Our categorical standards were attached as Appendix A to last year's Proxy Statement.

The Board has reviewed business and charitable relationships between the Company and each director standing for election to determine compliance with the categorical standards described above and to evaluate whether there are any other facts or circumstances that might impair the independence of a director. Based on that review, our Board has determined that Messrs. Amonett, Cannon, Flick, Jungels, Knudson, Tamblyn and Waldrup are independent.

Term of Office; Mandatory Retirement

All of our directors stand for election at each Annual Meeting.

Under our Corporate Governance Guidelines,

- directors will resign from the Board effective at the Annual Meeting of Stockholders following their seventy-second birthday, unless two-thirds of the members of the Board (with no independent director dissenting) determine otherwise;
- employee directors will resign from the Board when they retire, resign or otherwise cease to be employed by the Company; and
- a non-employee director who retires or changes his or her principal job responsibilities will offer to resign from the Board. The Nominating Committee of the Board will assess the situation and recommend to the full Board whether to accept the resignation.

Pursuant to the provisions of the Corporate Governance Guidelines, the Board has voted unanimously to extend Ken Jones' mandatory retirement age for one additional year.

Executive Sessions

The Company's Corporate Governance Guidelines provide that, at least twice a year, at regularly scheduled meetings, the Company's non-management directors shall meet in executive session without any management participation. In addition, if any of the non-management directors are not independent under the applicable rules of the NYSE, then independent directors meet separately at least once a year. Normally, the Chairman of the Board will preside at executive sessions, but, if the roles of Chairman and Chief Executive Officer are combined, the non-management directors will select another director to serve as Lead Director to preside at such sessions. If an additional meeting of independent non-management directors is necessary, and the Chairman of the Board is not independent, then one of the independent non-management directors will be selected as Lead Director to preside at that meeting. In either case, the Lead Director of any such meeting will be, in rotation, the then-Chairman of one of the committees of the Board of Directors required to be composed solely of independent directors, in the following order: Audit, Compensation, Corporate Governance, and Nominating Committees.

Stockholders and other interested parties who wish to communicate with the Lead Director of executive sessions or with the non-management directors as a group should send their correspondence to: Lead Director or Offshore Logistics, Inc. Non-Management Directors, as the case may be, c/o Secretary, 2000 W. Sam Houston Parkway South, Suite 1700, Houston, Texas 77042. Communications so addressed and clearly marked as "Stockholder Communications" will be forwarded by our Secretary unopened to, as the case may be, the Chairman of the Board or the then-serving Lead Director (being the independent director scheduled to preside at the next meeting of the non-management or independent directors).

Code of Ethics and Business Conduct

The Board has adopted a Code of Business Integrity for directors and employees (the "Code"). Our Code applies to all directors and employees, including the chief executive officer, the chief financial officer, and all senior financial officers. Our Code covers topics including, but not limited to, conflicts of interest, insider trading, competition and fair dealing, discrimination and harassment, confidentiality, compliance procedures and employee complaint procedures. Our Code is posted on our website under the "Corporate Governance" caption and is available free of charge on request to our Secretary at 2000 W. Sam Houston Parkway South, Suite 1700, Houston, Texas 77042.

The Corporate Governance Committee will review any issues under the Code involving an executive officer or director and will report its findings to the full Board. The Board does not envision that any waivers of the Code will be granted, but, should a waiver be granted for an executive officer or director, it will also be promptly disclosed on our website.

Director Selection

The Board has adopted criteria for the selection of directors that describe the qualifications the Nominating Committee looks for in director candidates. The current criteria are included in the Corporate Governance Guidelines which are posted on our website.

The Nominating Committee proposes nominees for director and acts pursuant to its charter, which is posted on our website, www.olog.com, under the "Corporate Governance" caption and is available free of charge on request to our Secretary at 2000 W. Sam Houston Parkway South, Suite 1700, Houston, Texas 77042. It is the policy of the Nominating Committee to consider director candidates recommended by its employees, directors, stockholders, and others, including search firms.

Mr. Flick, who is proposed to fill the seat vacated by Mr. Johnson, was identified by counsel to the Company as a potential nominee to the Board. Mr. Amonett, who is proposed as an additional director, was identified by Mr. David M. Johnson as a potential nominee to the Board. The Nominating Committee recommends Mr. Flick and Mr. Amonett for election by the stockholders to the Board of Directors.

The Nominating Committee has sole authority to retain and terminate any search firm used to identify candidates for director and has sole authority to approve the search firm's fees and other retention terms.

If a stockholder wishes to recommend a director for nomination, he or she should follow the procedures set forth below for nominations to be made directly by a stockholder. In addition, the stockholder should provide such other information as such stockholder may deem relevant to the Nominating Committee's evaluation. All recommendations, regardless of the source of identification, are evaluated on the same basis as candidates recommended by our directors, chief executive officer, other executive officers, third-party search firms or other sources.

Our bylaws permit stockholders to nominate directors for election at an annual stockholders meeting regardless of whether such nominee is submitted to and evaluated by the Nominating Committee. To nominate a director using this process, the stockholder must follow procedures set forth in our bylaws. Those procedures require a stockholder wishing to nominate a candidate for director at next year's Annual Meeting must give us written notice not earlier than the close of business on the 90th day prior to the anniversary date of the immediately preceding Annual Meeting and not later than the close of business on the 60th day prior to the anniversary date of the immediately preceding Annual Meeting. However, if the date of the Annual Meeting is more than 30 days before or more than 60 days after such anniversary date, notice is required not earlier than 90 days prior to the Annual Meeting and not later than the later of 60 days prior to the Annual Meeting or the 10th day after we publicly disclose the meeting date. The notice to the Secretary must include the following:

- The nominee's name, age and business and residence addresses;
- The nominee's principal occupation or employment;
- The class and number of our shares, if any, owned by the nominee;
- The name and address of the stockholder as they appear on our books;
- The class and number of our shares owned by the stockholder as of the record date for the Annual Meeting (if this date has been announced) and as of the date of the notice;
- A representation that the stockholder intends to appear in person or by proxy at the meeting to nominate the candidate specified in the notice;
- A description of all arrangements or understandings between the stockholder and the nominee; and
- Any other information regarding the nominee or stockholder that would be required to be included in a proxy statement relating to the election of directors.

Director Compensation

For the period April 1, 2004 to September 8, 2004, each non-employee member of the Board of Directors received \$5,500 per quarter. Non-employee directors also received \$1,100 for each meeting attended, including

committee meetings. Each committee chairman received \$2,500 (in lieu of the \$1,100 per meeting fee) for each committee meeting chaired. Effective September 9, 2004, we increased the amounts we compensate our non-employee directors for their services. Each non-employee member of the Board of Directors (other than Mr. Jones) received \$7,500 per quarter and \$1,500 for each meeting attended, including committee meetings. The Audit Committee chairman received \$5,000 for each committee meeting chaired. Each other committee chairman (other than Mr. Jones) received \$2,500 (in lieu of the \$1,500 per meeting fee) for each committee meeting chaired. In addition, pursuant to the 2003 Nonqualified Stock Option Plan for Non-employee Directors, on September 9, 2004 each Non-employee Director (as defined in the plan) received options to purchase 5,000 shares of the Company's common stock, at an exercise price equal to its then fair market value.

The 2003 Nonqualified Stock Option Plan for Non-employee Directors (the "2003 Plan") provides for the granting to directors who are not employees of the Company (the "Non-employee Directors") of nonqualified options to purchase Common Stock. The 2003 Plan is administered by the Compensation Committee of the Board of Directors. A total of 160,000 shares of Common Stock have been reserved at March 31, 2005 for issuance upon the exercise of options under the 2003 Plan, subject to adjustment in the event of stock splits, stock dividends and similar changes in the Company's capital stock.

As of the date of the Company's Annual Meeting of Stockholders in each year that the 2003 Plan is in effect beginning with the Annual Meeting held on September 15, 2003, each Non-employee Director who is elected or re-elected, or otherwise continues as a director of the Company following such Annual Meeting, will be granted an award to purchase 5,000 shares of Common Stock. However, no such options shall be granted to any Non-employee Director who during the preceding 12 months missed 50% or more of the meetings of the Board of Directors and committees on which he served.

The option price per share for each option granted under the 2003 Plan is the fair market value of the Common Stock on the date of grant. Under the 2003 Plan, options are not exercisable until six months after the date of the grant. The 2003 Plan terminates on, and no options shall be issued after, the date of the Annual Meeting of stockholders in 2012 and any options outstanding on that date will remain outstanding until they have either expired or been exercised.

Effective October 1, 2001, Mr. Jones ceased receiving quarterly and per meeting director fees. Instead, his director's fees are set at \$12,000 per month. On February 11, 2002, he received options to purchase 50,000 shares of the Company's common stock at an exercise price equal to the fair market value on the date of grant with an expiration date of February 11, 2012, and subsequently elected to forego the September 16, 2002 annual grant under the 1991 Nonqualified Stock Option Plan for Non-employee Directors (the "1991 Plan").

Director Attendance

The Board of Directors held eight meetings during the past fiscal year. During this period, no incumbent director attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board of Directors during the period in which he was a director and (ii) the total number of meetings held by all committees on which he served during the period in which he was a director.

It is our policy that each director of the Company is expected to be present at each Annual Meeting of Stockholders, absent exigent circumstances that prevent attendance. We facilitate director attendance at the Annual Meetings of Stockholders by scheduling such meetings in conjunction with regular meetings of directors. All of our directors attended last year's Annual Meeting.

Communication with Directors

The Board of Directors maintains a process for stockholders and interested parties to communicate directly with the Board. Stockholders and other interested parties may write to the Board, as more fully described in our Company Policy for Communications with the Board of Directors posted on our website under the caption "Corporate Governance".

III.

ELECTION OF DIRECTORS

For fiscal year 2005, the Board of Directors has fixed the number of directors at ten. However, for fiscal 2006, the number of directors will be eleven. The term of office of all of our present directors will expire no later than the day of the Annual Meeting upon the election of their successors. The directors elected at the Annual Meeting will serve until their respective successors are elected and qualified or until their earlier death, resignation or removal.

Unless authority to do so is withheld by the stockholder, each proxy executed and returned by a stockholder will be voted for the election of the nominees hereinafter named. Directors having beneficial ownership derived from presently existing voting power of approximately 6.6% of our Common Stock as of December 9, 2005 have indicated that they intend to vote for the election of all nominees hereinafter named. If any nominee withdraws or for any reason is unable to serve as a director, the persons named in the accompanying proxy either will vote for such other person as the Board may nominate or, if the Board does not so nominate such other person, will not vote for anyone to replace the nominee. Our management knows of no reason that would cause any nominee hereinafter named to be unable to serve as a director or to refuse to accept nomination or election.

The nominees for director receiving a plurality of the votes cast will be elected. The proxyholder named in the accompanying proxy card will vote FOR each of the nominees named herein unless otherwise directed therein. Abstentions, instructions to withhold authority to vote for one or more of the nominees and broker non-votes will result in those nominees receiving fewer votes, but will not be counted as a vote AGAINST the nominee.

The Board of Directors recommends that stockholders vote FOR the election to the Board of each of the nominees described below.

Information Concerning Nominees

Our present Board of Directors proposes for election the following eleven nominees for director. Except for Mr. Amonett and Mr. Flick, each of the nominees named below is currently a director of the Company and each was elected at the Annual Meeting of Stockholders held on September 9, 2004. The Master Agreement provides that so long as CIS owns (1) at least 1,000,000 shares of Common Stock of the Company or (2) at least 49% of the total outstanding ordinary shares of Bristow Aviation Holdings Limited, CIS will have the right to designate two persons for nomination of our Board of Directors and to replace any directors so nominated. - (1) These awards were made pursuant to the 1994 Plan, have a ten-year term, have an exercise price equal to the fair market value (as defined in the 1994 Plan) of the Common Stock on the grant date, and include the right of the Company to purchase all or any part of the shares of Common Stock issuable upon exercise of the options by paying to the optionee an amount, in cash or Common Stock, equal to the excess of the fair market value of our Common Stock on the effective date of such purchase over the exercise price per share. These options will vest in annual installments of one-third each beginning on the first anniversary of the grant date. Options granted under the 1994 Plan may be exercised for cash and may also be paid for by delivering to us unrestricted Common Stock already owned by the optionee or by our withholding shares otherwise issuable upon exercise of

the options (or a combination thereof), as well as in such other manner as may be authorized by the committee administering the 1994 Plan (the “1994 Plan Committee”). Options under the 1994 Plan also grant the optionee the right, if the optionee makes payment of the exercise price by delivering shares of Common Stock held by the optionee, to purchase the number of shares of Common Stock delivered by the optionee in payment of the exercise price (a “Replacement Option”). Replacement Options are exercisable at a price equal to the fair market value of our Common Stock as of the date of the grant of the Replacement Option. The options granted under the 1994 Plan also provide for certain “cashout” rights following a “Change In Control” (as defined in the 1994 Plan). The options granted under the 1994 Plan also provide that, subject to certain conditions, the 1994 Plan Committee may permit the optionee to pay all or a portion of any taxes due with respect to exercise of the options (a) by electing to have us withhold shares of Common Stock due to the optionee upon exercise of the option or (b) by delivering to us previously owned shares of Common Stock.

- (2) This award was made pursuant to the 2004 Plan, has a ten-year term, has an exercise price equal to the fair market value (as defined in the 2004 Plan) of the Common Stock on the grant date, and includes the right of the Company to purchase all or any part of the shares of Common Stock issuable upon exercise of the options by paying to the optionee an amount, in cash or Common Stock, equal to the excess of the fair market value of our Common Stock on the effective date of such purchase over the exercise price per share. These options will vest in annual installments of one-third each beginning on the first anniversary of the grant date. Options granted under the 2004 Plan may be exercised for cash and may also be paid for by delivering to us unrestricted Common Stock already owned by the optionee or by our withholding shares otherwise issuable upon exercise of the options (or a combination thereof), as well as in such other manner as may be authorized by the committee administering the 2004 Plan (the “2004 Plan Committee”). Options under the 2004 Plan also grant the optionee the right, if the optionee makes payment of the exercise price by delivering shares of Common Stock held by the optionee, to purchase the number of shares of Common Stock delivered by the optionee in payment of the exercise price (a “Reload Option”). Reload Options are exercisable at a price equal to the fair market value of our Common Stock as of the date of the grant of the Reload Option. The options granted under the 2004 Plan also provide for certain adjustments following a “Change In Control” (as defined in the 2004 Plan). The options granted under the 2004 Plan also provide that, subject to certain conditions, the 2004 Plan Committee may permit the optionee to pay all or a portion of any taxes due with respect to exercise of the options (a) by electing to have us withhold shares of Common Stock due to the optionee upon exercise of the option or (b) by delivering to us previously owned shares of Common Stock.
- (3) The present value for these options was estimated at the date of grant, using the Black-Scholes option-pricing model. The following assumptions were used to obtain the grant-date present value for the options granted:

	<u>June 3, 2004</u>	<u>June 21, 2004</u>	<u>November 1, 2004</u>
Risk free interest rate	3.89%	3.91%	3.36%

Employment, Severance and Change-of-Control Arrangements

We have entered into change of control agreements (the "Change of Control Agreements") with certain of our executive officers. The Change of Control Agreements for each executive officer provide for continued employment for a three-year period following a Change of Control, as defined (the "Employment Term"). Should the officer's employment be terminated during the Employment Term for any reason other than death, disability or "Cause", as defined, or should the officer terminate his employment for "Good Reason", as defined, the officer will become entitled to certain benefits. The benefits include a lump sum payment equal to three times the sum of the officer's Annual Base Salary, as defined, and Highest Annual Bonus, as defined. Also, the officer will be entitled to continued welfare benefits under various Company plans and programs for a minimum of thirty-six months following the "Date of Termination", as defined, as well as outplacement services and other benefits. In the event that any payments by the Company to or for the benefit of the officer (a "Payment") would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code ("Excise Tax"), then the officer will be entitled to an additional payment ("Gross-Up Payment") in an amount such that, after payment by such officer of all taxes imposed on the Gross-Up Payment, the officer retains an amount of the Gross-Up Payment equal to the Excise Tax imposed upon the Payments. The Change of Control Agreements also provide that no award granted under the 1994 Plan or pursuant to any other plan or arrangements maintained by the Company will be reduced as a result of being potentially non-deductible under Section 280G of the Internal Revenue Code.

Under the terms of the 1994 Plan and the 2004 Plan, if a change in control (as defined in the Plans) occurs, all outstanding options and SARs held by the employee participant become immediately exercisable and any then outstanding shares of Restricted Stock, Restricted Stock Units, Deferred Stock or other stock based awards made pursuant to the 1994 Plan and the 2004 Plan (if any) become free of all restrictions, if any, fully vested and transferable to the full extent of the award. Also, under the 1994 Plan, for a sixty-day period following a change in control (as defined in the 1994 Plan), unless the 1994 Plan Committee determines otherwise at the time of the award, the participant has the right to elect to surrender to the Company all or part of the stock options in exchange for a cash payment equal to the spread between the change in control price (as defined in the 1994 Plan) and the option exercise price. Likewise, the 2004 Plan Committee may in its discretion make certain equitable adjustments following a change in control, including the cancellation of stock options in exchange for a cash payment equal to the excess, if any, of the consideration being paid for each underlying share of Common Stock pursuant to the change in control transaction over the exercise price of the option.

In connection with Mr. Chiles joining the Company, he and the Company entered into an Employment Agreement that became effective June 21, 2004. The agreement initially has a term of 3 years, and, upon each anniversary, this term will be automatically extended by successive one year periods unless either party thereto gives appropriate notice. Under the agreement, Mr. Chiles serves as President and Chief Executive Officer of the Company and reports to the Board of Directors. The Company will pay Mr. Chiles a base salary of \$425,000 and he will be eligible for a cash bonus, if he and the Company meet certain performance targets, of up to 150% of his base salary. The Company will also credit an annual amount equal to 20% of Mr. Chiles' annual salary and bonus to Mr. Chiles pursuant to the Deferred Compensation Plan. Upon signing the agreement, Mr. Chiles received options to purchase 75,000 shares of our Common Stock with an exercise price equal to the Common Stock's closing price on the date of the grant. In addition, he received 25,000 Performance Accelerated Restricted Stock Units. The Company will provide Mr. Chiles a ten-year term life insurance policy in the amount of \$3 million payable to his designated beneficiaries. If Mr. Chiles' employment is terminated by the Company without Cause or by him for Good Reason (as those terms are defined in the agreement), he will be entitled to a lump sum cash payment calculated pursuant to a formula set forth therein, along with other benefits. The agreement also contains confidentiality non-competition, non-employee solicitation and other provisions. Mr. Chiles and the Company also entered into a Change of Control Agreement substantially similar to those described above.

Mr. Small entered into a Retirement Agreement with the Company dated as of April 26, 2004 (the "GMS Agreement"). Under the GMS Agreement, Mr. Small assisted in the transition to the new CEO for a period of 180 days beginning on the date the new CEO assumed office, which was July 15, 2004. During this 180 day period, the Company paid Mr. Small an annual rate equal to his 2004 base salary of \$290,000 plus the average of his bonus for the last three fiscal years (the "Compensation Rate"). From the end of this 180 day transition period to November 20, 2009, the Company will pay Mr. Small an annual amount equal to 50% of the Compensation Rate. The GMS Agreement also contains confidentiality, non-competition, employee non-solicitation and other provisions.

VIII.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Introduction

This Compensation Committee report summarizes the major responsibilities of the Committee, the compensation philosophy which underlies specific decisions regarding compensation, each component of the program, and the basis on which the compensation for the CEO, corporate officers, and subsidiary presidents, and other key employees was determined for the fiscal year ended March 31, 2005.

During the fiscal year ended March 31, 2005, each member of the Committee satisfied the independence requirements of the New York Stock Exchange. Each member of the Committee also met the definitions of “non-employee director” under Rule 16b-3 of the Securities Exchange Act of 1934 and “outside director” under Section 162(m) of the Internal Revenue Code of 1986 (as amended). The Committee was comprised of Mr. Robert Waldrup (Chairman), Mr. Pierre Jungels, and Mr. Thomas Knudson. The Committee met five times during fiscal year 2005.

The Company periodically undertakes a comprehensive review and evaluation of the total compensation program for corporate officers, subsidiary presidents, and other key employees. These evaluations, which are completed with the assistance of outside consultants retained by the Committee, evaluate the overall pay philosophy of the Company, the market competitiveness of key employee and director compensation, the design and structure of the annual and longer-term incentive plans, and the Committee’s level of compliance with compensation and governance provisions of the Sarbanes-Oxley Act of 2002, the rules of the Securities and Exchange Commission and other regulatory proposed governance standards.

Annually the Committee, with the assistance of its advisors, evaluates the effectiveness of the overall program and compares the compensation levels of its executives and the performance of the Company to the compensation received by executives and the performance of similar oilfield services companies. The primary market comparisons include a peer company group of companies similar in size and industry segment, and the broad oilfield services industry, adjusted for size and job responsibilities. The peer group includes substantially all the companies used in the Relative Market Performance graph presented elsewhere in this Proxy Statement and is representative of the market in which the Company competes for executive talent. These data sources provide a consistent and stable market reference from year to year.

Compensation Philosophy

The overall mission of Offshore Logistics, Inc. is to enhance long-term stockholder value by being the best oilfield services company providing aviation transportation, production management and related services. Specifically the Company strives to have:

- the highest level of customer satisfaction,
- the highest emphasis on safety,
- profitable operations, and
- growth within defined markets.

The compensation program for executives is designed to support and reinforce the mission of the Company and lead to the consistent enhancement of stockholder value.

The program targets total compensation that is consistent with the market median when individual and organizational performance objectives are achieved and provides the opportunity to earn above average compensation when performance exceeds expectations. To achieve this objective the program has a significant “at-risk” component in the form of variable annual and long-term incentives. The program also seeks to balance “fixed” (salary and benefits) and “variable” (annual and long-term incentives).

Variable incentives, both annual and longer-term, are important components of the program and are used to align actual pay levels with performance results. Long-term incentives are designed to create a strong emphasis on enhancing total stockholder value over the longer-term and align the interests of management with those of stockholders through share ownership. Annual incentives reward participants based on corporate, business unit and individual results. When annual and long-term results are above average, total compensation will be above average.

The Compensation Committee also considers the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (“Section 162(m)”). Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer and the other senior executive officers, other than compensation that is performance-based under a plan that is approved by the shareholders of the corporation and that meets certain technical requirements. Based on these requirements, the Compensation Committee has determined that Section 162(m) will not prevent the Company from receiving a tax deduction for any of the compensation paid to executive officers.

Severance Compensation Paid to our Former President and Chief Executive Officer, George M. Small

Mr. Small entered into a Retirement Agreement with the Company dated as of April 26, 2004 (the “GMS Agreement”). Under the GMS Agreement, Mr. Small assisted in the transition to the new CEO for a period of 180 days beginning on the date the new CEO assumed office, which was July 15, 2004. During this 180 day period, the Company paid Mr. Small an annual rate equal to his 2004 base salary of \$290,000 plus the average of his bonus for the last three fiscal years (the “Compensation Rate”). From the end of this 180 day transition period to November 20, 2009, under the GMS Agreement, the Company will pay Mr. Small an annual amount equal to 50% of the Compensation Rate. The GMS Agreement also contains confidentiality, non-competition, employee non-solicitation and other provisions.

Program Components

Base Salary

The base salary program targets the median of comparable industry competitors. The performance of each executive is reviewed annually. Salary adjustments are based on the individual’s experience and background, the general movement of salaries in the marketplace, and the Company’s financial position. Due to these factors, an executive’s base salary may be above or below the market median at any point in time. The base salaries of the corporate officers and key executives are generally consistent with the market median.

Annual Incentive Compensation

The Committee administers the Executive Bonus Plan for key corporate and subsidiary managers. For fiscal year 2005, incentive awards were determined based on corporate, subsidiary and individual performance. Corporate and subsidiary performance measures were based on pre-determined financial performance goals to determine the incentive award for each factor. An individual award component was based on the performance evaluation or other individual objectives for each executive. For fiscal year 2006, all participants will also be judged on the Company’s safety record, as well as individual performance, corporate earnings per share, corporate EBITDA, corporate return on capital, and profitability and revenue growth at the business unit level.

Long-Term Incentives

The goal of the Company’s long-term incentive program is to link a significant portion of the executive’s compensation to the enhancement of stockholder value over the longer-term.

The Company generally makes stock option awards on an annual basis, with corporate and subsidiary officers and key managers eligible for such awards. Option awards are made at fair market value, have a term of ten years, and vest over three years.

In the future, the Company expects to combine options with performance restricted stock unit awards that vest over three years and are based on total shareholder return, which is intended to further align stockholder and executive interests.

Compensation of the Chief Executive Officer

William E. Chiles has served as Chief Executive Officer since July 2004 pursuant to an Employment Agreement with the Company dated June 21, 2004. In his capacity as CEO, Mr. Chiles has been responsible for working with the

Board to develop and execute the Company's strategic business plan and oversee day-to-day operations of the Company. Mr. Chiles's performance has been evaluated by the Chairman of the Board and the Committee.

During fiscal year 2005, Mr. Chiles's base salary was \$425,000, and he had a target annual incentive compensation opportunity of 75% of base salary. The actual incentive award may vary from 0%-150% of base salary depending on the performance of the Company and Mr. Chiles's individual contributions. For fiscal year 2005, Mr. Chiles received an incentive award of \$331,193, which was approximately 110% of Mr. Chiles's base salary received for the year. In determining to grant the maximum amount, the Committee focused on Mr. Chiles' leadership skills during a difficult period for the Company. Seventy percent of the potential award was based on performance results of the Company and thirty percent on the formal appraisal of his performance in leading the organization. During the fiscal year Mr. Chiles also received an award of 75,000 non-qualified stock options, whose option price was the "fair market value" on the date of grant. Additionally, Mr. Chiles received 25,000 Performance Restricted Stock Units. The annual incentive compensation, stock option awards and Restricted Stock Unit awards provide a significant "at-risk" component to Mr. Chiles's total compensation opportunity and creates a strong "pay-performance" linkage.

AUDIT COMMITTEE REPORT

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the U.S. Securities and Exchange Commission (the “SEC”), or subject to liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), except to the extent that we specifically request that the information be treated as soliciting material or specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.

The Audit Committee’s principal functions are to recommend to the Board of Directors each year the engagement of a firm of independent auditors, to assist the Board of Directors in fulfilling its responsibility for oversight of the Company’s accounting and internal control systems and principal accounting policies, to recommend to the Company’s Board of Directors, based on its discussions with the Company’s management and independent auditors, the inclusion of the audited financial statements in the Company’s Annual Report on Form 10-K and to oversee the entire independent audit function. The Company believes that each of the three members of the Audit Committee satisfy the requirements of the applicable rules of the SEC and the NYSE as to independence, financial literacy and experience. The Board of Directors has determined that at least one member, Ken C. Tamblyn, is an audit committee financial expert as defined by the SEC. The Board of Directors adopted a restated charter for the Audit Committee, a copy of which is attached hereto as Appendix A and posted on our website under the “Corporate Governance” caption.

In connection with the Company’s consolidated financial statements for the fiscal year ended March 31, 2005, the Audit Committee has:

- reviewed and discussed the audited financial statements with management;
- discussed with the Company’s independent auditors, KPMG LLP, the matters required to be discussed by Statements on Auditing Standards No. 61, as amended; and
- received the written disclosures and the letter from KPMG LLP as required by Independence Standards Board Standard No. 1 and discussed with the auditors their independence.
- considered whether the provision of services by KPMG LLP not related to the audit of the Company’s consolidated financial statements and the review of the Company’s interim financial statements is compatible with maintaining the independence of KPMG LLP.

In February 2005, the Company voluntarily advised the staff of the United States Securities and Exchange Commission (the “SEC”) that the Audit Committee had engaged special outside counsel to undertake a review of certain payments made by two of our affiliated entities in a foreign country. The review of these payments, which initially focused on Foreign Corrupt Practices Act matters, was subsequently expanded to cover operations in other countries and other issues (the “Internal Review”).

The SEC then notified the Company that it had initiated an informal inquiry and requested that the Company provide certain documents on a voluntary basis. Subsequently, the SEC advised the Company that the inquiry had become an investigation. The Company has responded to the SEC’s requests for documents and are continuing to do so.

The Internal Review is complete and the accompanying financial statements reflect all known required restatements. As a follow-up to matters identified during the course of the Internal Review, Special Counsel to the Audit Committee is completing certain work, and may be called upon to undertake additional work in the future to assist in responding to inquiries from the SEC, from other governmental authorities or customers, or as follow-up to the steps being performed by Special Counsel.

As a result of the findings of the Internal Review, the Company restated its historical financial statements to accrue for payroll taxes, penalties and interest attributable to underreported employee payroll. The Company’s management has separately determined that the Company was not reporting customer reimbursements in accordance with U.S. generally accepted accounting principles (“GAAP”), that it did not properly record expenses related to severance benefits for certain employees of a foreign subsidiary and that it did not properly record expenses related to payroll taxes incurred by one of its foreign subsidiaries. In accordance with GAAP, the Company has restated its historical financial statements to reflect such reimbursements, severance benefits and payroll taxes in accordance with GAAP.

The Company's management concluded that, as of March 31, 2005, there were several material weaknesses in the Company's internal control over financial reporting. The Company's management has taken a series of actions to remediate these weaknesses in its control environment.

For additional information concerning the restatements, the material weaknesses in its control environment and the remedial measures taken by the Company to address these weaknesses, see the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2005, including Note A in the Notes to Consolidated Financial Statements and Item 9a.

Based on the review and discussions with the Company's management and independent auditors, as set forth above, the Audit Committee recommended to the Company's Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2005, as filed with the SEC.

At the beginning of each year, the Audit Committee approves the proposed services, including the nature, type and scope of services contemplated and the related fees, to be rendered by KPMG during the year. In addition, Audit Committee pre-approval is also required for those engagements that may arise during the course of the year that are outside the scope of the initial services and fees pre-approved by the Audit Committee.

Approval and Ratification of Independent Public Accountant

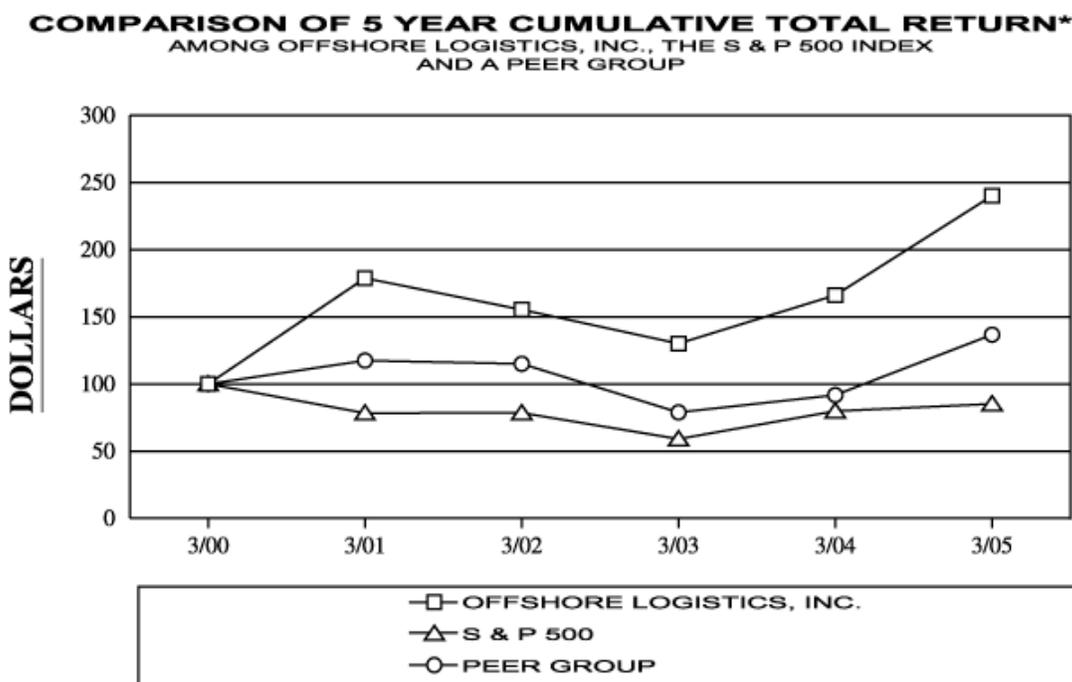

The Audit Committee of the Company's Board of Directors has selected the firm of KPMG as the Company's independent auditors for the fiscal year ending March 31, 2006. Stockholder approval and ratification of this selection is not required by law or by the by-laws of the Company. Nevertheless, the Board has chosen to submit it to the stockholders for their approval and ratification. Of the shares represented and entitled to vote at the Annual Meeting (whether in person or by proxy), more votes must be cast in favor of than votes cast against the

proposal to ratify and approve the selection of KPMG as the Company's independent auditors for the fiscal year ending March 31, 2006, in order for this proposal to be adopted. The Proxyholder named in the accompanying proxy card will vote FOR the foregoing proposal unless otherwise directed therein. Abstentions will not be counted either as a vote FOR or as a vote AGAINST the proposal to ratify and approve the selection of KPMG as the Company's independent auditors for the fiscal year ending March 31, 2006. Broker non-votes will be treated as not present for purposes of calculating the vote with respect to the foregoing proposal, and will not be counted either as a vote FOR or AGAINST or as an ABSTENTION with respect thereto. If more votes are cast AGAINST this proposal than FOR, the Board of Directors will take such decision into consideration in selecting independent auditors for the Company.

The Board of Directors recommends a vote FOR the approval and ratification of the selection of KPMG LLP as the Company's independent auditors for the fiscal year ending March 31, 2006.

XII.

OTHER MATTERS

On December 19, 1996, the Company acquired 49% of the common stock and other significant economic interest in Bristow Aviation Holdings Limited (“Bristow”), a U.K. corporation, which holds all of the outstanding shares in Bristow Helicopter Group Limited (“BHGL”), pursuant to a Master Agreement dated December 12, 1996, among the Company, Caledonia Industrial & Services Limited (“CIS”), and certain other persons (the “Master Agreement”). As a result primarily of that transaction, CIS became the beneficial owners of 1,752,754 shares of our Common Stock. The Master Agreement provides that so long as CIS owns (1) at least 1,000,000 shares of our Common Stock or (2) at least 49% of the total outstanding ordinary shares of Bristow Aviation Holdings Limited, CIS will have the right to designate two persons for nomination to our Board of Directors and to replace any directors so nominated. Pursuant to the Master Agreement, CIS designated Peter N. Buckley and Jonathan H. Cartwright for nomination to our Board of Directors, and they were duly elected in February 1997. Mr. Buckley is the Chairman of the Board of Directors and Mr. Cartwright is the Financial Director of Caledonia Investments, plc (“Caledonia”), which was then the holder of all the outstanding stock of CIS. On December 4, 2002, CIS: (i) sold Caledonia all its holdings of our Common Stock and our 6% Convertible Subordinated Notes (the “6% Notes”) and (ii) transferred to Caledonia all of its rights and obligations under the Master Agreement and related documents. On July 29, 2003, we redeemed the 6% Notes with a portion of the proceeds from our sale of \$230.0 million principal amount of 6 1/8% Senior Notes due 2013. This reduced the amount of our Common Stock beneficially owned by Caledonia to 1,300,000 shares (see “Security Ownership of Certain Beneficial Owners and Management”).

The 1996 transaction also included certain executory obligations of the parties that remain in effect between us and Caledonia and its affiliates, certain of which are described below. All such obligations were the result of arms’ length negotiations between the parties that were concluded before Messrs. Buckley and Cartwright were nominated or elected to our Board of Directors and are, in our view, fair and reasonable to the Company.

In connection with the Bristow transaction, we and Caledonia also entered into a Put/Call Agreement whereunder, upon giving specified prior notice, we have the right to buy all the Bristow shares held by Caledonia, who, in turn, has the right to sell such shares to us. Under the current United Kingdom law, we would be required, in order for Bristow to retain its operating license, to find a qualified European Union investor to own any Bristow shares we have a right or obligation to acquire pursuant to the Put/Call Agreement. Any put or call of the Bristow shares will be subject to the approval of the Civil Aviation Authority.

From December 19, 1996 until June 19, 2003, Caledonia was entitled to receive management fees from Bristow ranging from £500,000 to £900,000.

In connection with the Bristow transaction, we acquired £91.0 million (approximately \$144.0 million) in principal amount of 13.5% subordinated unsecured loan stock (debt) of Bristow. Bristow had the right and elected to defer payment of interest on the loan stock. Any deferred interest also accrues interest at an annual rate of 13.5%. With our agreement, no interest payments have been made through March 31, 2005.

In January 1998, we loaned £50.0 million (approximately \$84.0 million) to Bristow to refinance certain of its indebtedness. The loan matures on January 15, 2008 and bears interest at an annual rate of 8.335%. In December 2002, Bristow advanced to us \$10.0 million under a demand note that bears interest at an annual rate of 8.335%. In March 2004, Bristow advanced to us \$11.4 million under a demand note. This amount was repaid to Bristow in June 2004. In December 2005, Bristow advanced to us \$15 million under a demand note that bears interest at an annual rate of 8.335%.

During fiscal 2003, 2004 and 2005, we leased approximately 23, 24 and 27 aircraft, respectively, to Bristow and received total lease payments of approximately \$18.0 million, \$15.5 million and \$17.7 million, respectively. During fiscal 2003, 2004 and 2005, Bristow leased approximately six, five and four aircraft, respectively, to us, and we paid total lease payments of \$4.6 million, \$3.0 million and \$2.4 million, respectively.

The foregoing transactions with Bristow are eliminated for financial reporting purposes in consolidation.

In March 2004, the Company prepaid a portion of the put/call option price to Caledonia, representing the amount of guaranteed return since inception, amounting to \$11.4 million. In consideration of this, the shareholders of Bristow agreed to reduce the guaranteed return factor used in calculating the put/call option price, effective April 1, 2004, from

12% per annum to LIBOR plus 3%. In May 2004, the Company acquired eight million shares of deferred stock, essentially a subordinated class of stock with no voting rights, from Bristow for £1 per share (\$14.4 million in total). Bristow used these proceeds to redeem £8 million (\$14.4 million) of its ordinary share capital at par value on a pro rata basis from all its outstanding shareholders, including the Company. Beginning in September 2004, the Company began paying to Caledonia the amount of guaranteed return on the put/call on a quarterly basis. In fiscal 2005, the amount paid to Caledonia was £46,776 (\$85,771) representing the amount due from May 8, 2004 to December 31, 2004. Subsequent to March 31, 2005, the Company has paid to Caledonia £36,198 (\$65,919) representing the amount due from January 1, 2005 to June 30, 2005.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, officers, and certain beneficial owners (collectively, "Section 16 Persons") to file with the Securities and Exchange Commission and NYSE reports of beneficial ownership on Form 3 and reports of changes in ownership on Form 4 or 5. Copies of all such reports are required to be furnished to us. To our knowledge, based solely on a review of the copies of Section 16(a) reports furnished to us for the fiscal year ended March 31, 2005, and other information, all filing requirements for the Section 16 Persons have been complied with during or with respect to the fiscal year ended March 31, 2005 except that two Form 3's were filed late by Thomas Knudson and William Hopkins, respectively, and one Form 4 was filed late by William Hopkins with respect to the options for shares of common stock granted to him.

Each stockholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding. As a result, if you hold your shares through a broker and you reside at an address at which two or more stockholders reside, you will likely be receiving only one annual report and proxy statement unless any stockholder at that address has given the broker contrary instructions.

Upon the written request of any stockholder entitled to vote at the Annual Meeting, we will provide, without charge, a copy of our Annual Report on Form 10-K for the fiscal year ended March 31, 2005. Any such request should be directed to Secretary, Offshore Logistics, Inc., 2000 W. Sam Houston Parkway South, Suite 1700, Houston, Texas 77042. Requests from beneficial owners of our shares must set forth a good faith representation that as of December 9, 2005, the requester was a beneficial owner of shares entitled to vote at the Annual Meeting.

By Order of the Board of Directors

**OFFSHORE LOGISTICS, INC.
AUDIT COMMITTEE CHARTER**

This Audit Committee Charter has been adopted by the Board of Directors of Offshore Logistics, Inc. (the “Company”). The Audit Committee (the “Committee”) shall review and reassess this charter annually and recommend any proposed changes to the Board for approval.

Purpose

The Committee’s purpose, *inter alia*, is to:

- (A) assist Board oversight of (1) the integrity of the Company’s financial statements, (2) the Company’s compliance with legal and regulatory requirements, (3) the qualifications and independence of the Company’s independent auditors, and (4) the performance of the Company’s internal audit function and independent auditors; and
- (B) prepare an Audit Committee report as required by the SEC to be included in the Company’s annual proxy statement;

Composition and Independence

The Committee shall be appointed by the Board and shall consist of a minimum of three directors. All Committee members shall be independent under the rules of the Securities and Exchange Commission and the New York Stock Exchange. The members shall also meet the financial literacy requirement set forth in the NYSE Rules and at least one member shall have the accounting or related financial management expertise required by the NYSE Rules. The Board’s goal is that the Committee have at least one “audit committee financial expert,” as defined by the Securities and Exchange Commission. No member of the Committee shall have participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the three years prior to becoming a member of the Committee.

One member of the Committee shall be appointed by the Board as chair. The chair shall be responsible for leadership of the Committee, including scheduling and presiding over meetings, preparing agendas, and making regular reports to the Board. The Committee may not designate subcommittees except with the prior approval of the Board.

Responsibilities

The Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, disclosure controls and procedures, internal control over financial reporting and financial reporting practices of the Company. Management is responsible for the preparation of the Company’s financial statements and the independent auditor is responsible for auditing those financial statements. The Committee and the Board recognize that management and the independent auditor have more resources and time, and more detailed knowledge and information regarding the Company’s accounting, auditing, disclosure controls and procedures, internal control over financial reporting and financial reporting practices than the Committee does. Accordingly the Committee’s role does not provide any assurances as to the accuracy or completeness of financial statements and other financial information provided by the Company to its shareholders and others.

The Committee shall report regularly to the Board of Directors. Except as otherwise expressly provided, the Committee shall have the sole authority with respect to the responsibilities delegated below, and further action by the Company’s Board of Directors shall not be required in order for the act of the Committee to constitute the act of the Company. In discharging its oversight role, the Committee is empowered to investigate any matter relating to the Company’s accounting, auditing, disclosure controls and procedures, internal control over financial reporting or financial reporting practices brought to its attention, with full access to all Company books, records, facilities and personnel. The Committee shall perform such other duties as may be assigned to it from time to time by the Board.

The Committee shall have the specific authority and responsibilities set forth below:

- Oversight of the Company's internal auditors, which audit function can be performed by either employees or outsourced.
- Appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company (including resolution of disagreements between management and the auditor regarding financial reporting), and each such registered public accounting firm shall report directly to the Committee.
- Pre-approval of audit services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by the independent auditor. The Committee may delegate such responsibility (other than with respect to the audit of the Company's annual financial statements) to one or more members, provided that decisions made pursuant to such delegated authority shall be presented to the Committee at its next meeting.
- Obtain at least annually from the independent auditor a written report describing all relationships between the auditor and the Company. The report shall also describe the auditor's internal quality control procedures, any material issues raised by the most recent internal quality-control review, or peer review of the auditing firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.
- Confirm annually with the independent auditor that it is registered with the Public Company Accounting Oversight Board and that its registration is in good standing.
- Review the Company's audited financial statements, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations," and discuss them with management and the independent auditor. These discussions shall: consider the quality of the Company's accounting principles as applied in its financial reporting; review particularly sensitive accounting estimates, reserves and accruals, judgmental areas, audit adjustments (whether or not recorded); and other inquiries as the Committee or the independent auditor shall deem appropriate. Based on such review, the Committee shall make its recommendation to the Board as to the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K (or the Annual Report to Shareholders, if distributed prior to the filing of the Form 10-K).
- Issue annually a report to be included in the Company's proxy statement as required by the rules of the Securities and Exchange Commission.
- Discuss with a representative of management and the independent auditor: (1) the interim financial information contained in the Company's Quarterly Report on Form 10-Q prior to its filing, (2) any earnings press releases, as well as financial information and earnings guidance provided to analysts and ratings agencies, and (3) the results of the review of such information by the independent auditor.
- Discuss with management and the independent auditor the quality and adequacy of and compliance with the Company's disclosure controls and procedures and internal control over financial reporting.
- Discuss with management and/or the Company's counsel any legal matters (including the status of pending litigation) that may have a material impact on the Company's financial statements, and any material reports or inquiries from regulatory or governmental agencies.
- Discuss with management the Company's policies and procedures with respect to risk assessment and risk management.
- Review with the independent auditor any audit problems or difficulties and management's response.
- Establish and oversee procedures for (1) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (2) the confidential

anonymous submission by the Company's employees and others of concerns regarding questionable accounting or auditing matters.

- Prepare and review with the Board an annual performance evaluation of the Audit Committee, which evaluation must compare the performance of the Audit Committee with the requirements of this Charter.
- Establish clear hiring policies for employees or former employees of the independent auditor seeking employment with the Company.
- Perform such responsibilities as may be delegated to it pursuant to the Company's Code of Ethics for CEO and Senior Financial Officers and Code of Business Conduct and Ethics. The Committee shall have the sole authority to grant waivers of such Codes to a director or executive officer.
- Conduct a review of all proposed related party transactions for potential conflict of interest situations on an ongoing basis and pre-approve such proposed transaction. For this purpose, "related party transaction" shall refer to those transactions required to be disclosed pursuant to SEC Regulation S-K, Item 404.
- Review annually the composition of, and investment performance of, assets funding the Company's employee benefit plans.

Advisors and Funding

The Committee shall have the authority, to the extent it deems necessary or appropriate, to retain independent legal counsel, accountants or other advisors.

The Company shall provide for appropriate funding, as determined by the Committee, for payment of (1) compensation to any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, (2) compensation to any independent counsel and other advisers employed by the Committee as it determines necessary to carry out its duties, and (3) ordinary administrative expense of the Committee that are necessary or appropriate in carrying out its duties.

Meetings

The Committee shall meet at least four times annually or more frequently as circumstances dictate. Periodically, the Committee shall have separate private meetings with the independent auditor, the Company's internal auditor and management.

Meetings may be called by the chair of the Committee, or at the request of a majority of the members of the Committee or by the Board.
